

ST MUNCHIN'S CATHOLIC SCHOOL

ANNUAL SCHOOL REPORT 2022

PART ONE: COMPLIANCE DATA

PURPOSE

In order to comply with the federal legislation of the *Schools Assistance Act 2004 and the Schools Assistance Regulations 2005*, all schools are required to make School Performance Information from the previous year available on an annual basis to parents and prospective parents on request. The information below is in accordance with requirements of the Act and Regulations.

SCHOOL VISION STATEMENT

St Munchin's Catholic School aspires to reflect the life and love of Christ for His people.

1. CONTEXTUAL INFORMATION

St Munchin's Catholic School is a community of faith. Our motto "Follow Truth", assists students to focus on what is truly important to the school, with Gospel values at the core of everything we do. The school accommodates approximately 431 students from Pre-Kindergarten to Year 6. Students have the opportunity to enhance their learning through specialist subjects; Music, Physical Education, Health Education, Science, Dance and Italian Language Studies. The school leadership model comprises of a Principal, an Assistant Principal and four extended leaders charged with the leadership in Religious Education, Students with Disabilities, Early Years learning and Wellbeing. The addition of a SWD Coordinator and Learning Support Team has enabled the introduction of special programs to cater for the diverse needs of the students. These programs include Speech and OT assessment with ongoing support, Reading Recovery, Extending Mathematical Understanding, and Leveled Literacy Intervention. Students in Years Five and Six have the opportunity to participate in the "STRETCH CREW" Extension program. The Social Worker and trained Rainbows coordinator assist students with social and emotional needs.

The Out of Schools Programme is managed by an external provider and offers a professional and well-supported service for parents and care-givers. The school is also involved in a number of community focused enterprises such as a worm farm, and whole school waste reduction initiatives. The involvement and ongoing support of parents and care-givers is encouraged and valued at the school and many opportunities exist for parents and care-givers to be helpers in the classrooms and be very involved in many other ways such as assisting the P & F with fundraising and promoting celebrating community through social functions and activities. The school receives strong support from the P & F the Schools Advisory Committee and Parish. Extra curricula opportunities are also offered to students with a Running Club, Homework Club, Green Club and IT Club supervised by teachers once a week throughout the year. St Munchin's has an ICSEA value of 991.

Student background

Index of Community Socio-Educational Advantage (ICSEA)

School ICSEA value	991
Average ICSEA value	1000
School ICSEA percentile	43

Distribution of Socio-Educational Advantage (SEA)

■ School distribution ■ Australian distribution

Percentages are rounded and may not add to 100

Using research based intervention programs and strategies, we aim to ensure that all students are provided with the opportunities and support they need to perform well and make a positive trajectory each year. This endeavour aims at a year's growth for all students regardless of the band in which they sit and inclusive of all learning areas.

A high level of satisfaction with all aspects of our school community was evidenced by the parents in the QCS Parent Opinion Survey (2019) and the School Climate Survey (2021)

6. STUDENT SATISFACTION

- Teachers and leaders show genuine care and interest in student learning and well-being
- A variety of challenging learning opportunities are offered
- High level of co-operation and collaboration amongst all staff
- Notable progress based on individual capabilities
- Happy and harmonious environment
- Inclusiveness of many nationalities and cultural backgrounds
- Nurturing attitude towards others and sense of commitment in assisting Third World countries
- Strong sense of collaboration amongst students as noted by staff
- Former students are very keen to return for Community Service and other such school events

STAFF SATISFACTION

- Highly collaborative and passionate staff who work as a team
- High retention of staff from year to year
- Staff engagement in development of School Vision and SIP
- High level of support and involvement and participation in co-curricular activities/extra-curricular activities such as Homework Club, Running Club, Green Club and Tech Club
- Mutual support and assistance and sharing of ideas and strategies
- Positive interaction and relationships
- Positive interaction and relationships with parents and caregivers
- Strong work ethics
- Clear understanding of Ethos and School Vision
- Nurturing attitude towards students
- Readily accept responsibilities as Extended Leaders, Learning Area Co-ordinators or Key Staff
- Excellent rapport with one another and a high level of respect and consideration towards students, peers and families

PARENT SATISFACTION

- High level of support in school functions and activities in particular increasing numbers at celebratory masses
- Positive parental interaction with staff
- High level of attendance at Sacramental Meetings
- High level of parental interest in the progress and achievements of students
- Positive and affirming communications over time from parents-emails, letters, face to face meetings, surveys.

7. SCHOOL INCOME

Information regarding school income can be found on the My School website. This can be accessed using the following link. www.myschool.edu.au

Expenditure and Teacher Participation in Professional Learning

All staff have the opportunity to undertake professional learning, development and growth. The strategies to deliver these aspects of professional learning, range from internal/external opportunities to mentoring, coaching and professional partnerships, PD days, guest speakers, attendance at conferences e.g. Principals' and Assistant Principals' Conferences & CEWA Teaching and Learning Conference, and CEWA PD for Teacher Leaders. In 2022 accumulated costs for all staff totaled \$15 422.00

CAREY BAPTIST COLLEGE	2
ST JOHN BOSCO	2
SWAN CHRISTIAN COLLEGE	2

10. ANNUAL SCHOOL IMPROVEMENT

The school has established a comprehensive School Improvement Plan which is reviewed and discussed by all staff at the beginning of the year. This is used to drive planning and programming with consistency of outcome across the school. The current CSIP articulates the progression along a school wide integration of a single math's pathway, Orego Maths. This programme is currently used across PP-Year 3 ceasses and will progress to Years 4 to 6 in the following years. Our CSIP also states the schools mission to increase the knowledge base of our staff in their discipleship capacity through access to PL opportunities in liturgy as well as in the Faith tradition of our Mercy Sister history. Our improvement aspirations are also an integral part of our recently formed Vision for Learning which was formulated in 2021/2023 through consultation and input from all staff members. This document has a prominent visual presence in all classrooms, offices and the staffroom and is and used to drive and support our planning and implementation of strategies.

The school has commenced professional learning in Liturgical preparation to better equip all teachers with the skills and experience in preparing masses and liturgies for their classes.

Towards creating an Early Childhood Philosophy, cluster meetings were dedicated to the writing of an Early Childhood Vision Statement.

We have commenced a whole school Mathematics Programme (Origo - Stepping Stones) and will transition this from the Early Learning Years through to the whole school, reinforcing a consistency in language and resources throughout the school.

St Munchin's has also commenced a Social and Emotional Wellbeing Programme across the whole school, led by a member of the Extended Leadership Team. PL has been provided to all staff and consultation with extended leadership members has facilitated this process.

Our goal to increase integration and use of Digital Technologies in the classroom is reflected in the programming, planning and assessment of our students. Increased expectations and consistency of communication platforms, such as Seesaw, has also been evident.

Further evidence of the school's evolution towards a 21st Century Contemporary Learning Environments included the significant financial contribution made in purchasing classroom furniture throughout the school to facilitate this learning.

Outdoor learning has been embraced as has growth in the areas of sustainability and integration and celebration of the diversity of cultures, especially the indiginious cultures, of our community.
