MMG ♦ Education

Dear Parent,

Earlier this year, I commissioned an independent, confidential 'experience' survey of all St Munchin's Catholic School parents and students (Years 5 & 6) and staff as part of our commitment to continually monitor and improve the quality of education we provide to our students.

We greatly value the views of parents, students and staff. This information is most important for the School for our operational and strategic planning as well as tracking changes in our performance.

For the 2018 review, a total of 108 parents and 77 students and 38 staff completed the survey. We are most grateful to parents for their time and effort in assisting us with this important initiative.

The surveys were extensive and covered in excess of 300 aspects in relation to education at the School.

The following chart details the percentage of parents who noted their expectations had been met or exceeded across key areas, ranked in order of the importance they placed on these same areas when choosing a school. For example, 87% of parents noted their expectations had been met or exceeded for 'Quality of teaching' – the most important area noted.

Overall, we are very pleased with the results. However, there are areas identified where further attention will be given to such areas as aspects of teaching and learning and aspects of co-curricular.

Parents also provided valuable 'open responses' on a number of areas. These responses added greatly to the value of the review. In response to the question about what they valued most about the School, parents noted many aspects of life at the School, including:

Attached is a small sample of some of the 'open ended' comments from parents in relation to what they valued about their experience with the School.

We wish to thank the 2018 parents sincerely for their feedback and for the extent of information and quality of views expressed.

We wish you and your family the very best for the future and hope St Munchin's will remain to be a special place for you and your child and we wish you all the best for the years ahead.

Sincerely,

Mr Rob Romeo
Principal
