

Dear Parents and Carers,

I am disappointed to announce we will not be commencing the 2021 school year tomorrow due to today's WA Government's announcement.

As a result, St Munchin's Catholic School will be closed from 1st February to 5th February 2021 inclusive.

I will communicate to the community on any updates to keep you all informed. Please check your emails each day.

Can I ask that you try and reach out pastorally to any families you may be aware of who may not have access to emails or this information to support each other at this time.

Catholic Education WA is working closely with the Department of Education and health authorities to monitor the situation and further advice will be provided.

St Munchin's demonstrated a strong resolve in 2020 and the same dedication and care will be our trademark as we traverse this "obstacle" in commencing what will be a wonderful year ahead for all our students, staff and families.

Stay strong, be safe, try and remain positive and look for the opportunities the next five days might offer you and your families.

We also keep those in WA, and indeed other parts of our country and abroad who have taken ill with this disease in our prayers.

Take care

Kevin Duffy | Principal
