

St Munchin's Catholic Primary School

Parent Update 2#

Wednesday 3rd February 2021

Dear Parents and Carers

I hope this letter finds you all safe and well?

I wish to offer our community an update on our school's planning and contingencies for next week, whilst recognising any planning we have, will require us all to remain agile and in line with WA Health and CEWA direction.

The school Leadership Team has been in regular contact with all staff, and following an online "TEAMS Staff Meeting" today, feel confident in our capacity and readiness to deliver face-to-face or Remote Learning next week as directed.

An updated communication will be sent to all families on Friday afternoon or on the weekend (pending CEWA or WA Health advice) outlining procedures for next week; including parent entry protocols, swimming lessons, parent information sessions and any other relevant information that will assist our families commencing school.

Our current planning also has our OSHC service resuming next Monday as well.

I would once again acknowledge the work that the St Munchin's staff have done in preparing for the start of school year, and recognise that we are all excited and eager to welcome the children back and commence the school year.

Please note the following resources to support mental health during COVID-19:

beyou.edu.au
headtohealth.gov.au

Stay strong, be safe, try and remain positive and look for the opportunities the next few days might offer you and your families.

Take care

Kevin Duffy | Principal
